Technical details

Manufacturer	K-meral
Contents of the package	Bulb
Diameter in cm	6,8
material	aluminum, porcelain
Cable length	135 cm
Height adjustment	height determinable
dimming	dimnable on site
Base / Socket	GY6.35
Dimensions	H 12 cm Ø 6,8 cm

Description

The K-Meral ANN pendant lamp is available with 1 up to four lamps. Its lamp body consists of one to four porcelain lamp shades and a canopy or a brushed aluminum strip. The Ann pendant lamp throws a direct, neutral light onto the surface to be illuminated and diffuses a warm diffuse light in the room. By simply pushing the coaxial cable into the ceiling housing, the light can be individually adjusted in height (maximum suspension 135 cm).

The light is supplied with a Halostar bulb from the company Osram, with an average life of 4000 h. The light output from this energy-saving pencil lamp is equivalent to that of a conventional 50 watt low-voltage halogen lamp. The ceiling fan has an integrated, dimmable transformer. Thus, the light is dimmable on site. Each porcelain diffuser measures 12 cm in height and 6.8 cm in the diameter.
