

Foscarini

Tress Terra grande LED

Oberfläche

- greige grey-beige
- black
- white

Description

The Foscarini Tress Terra grande LED is a floor light with a height of 195 cm and a diameter of 25 cm at the top. Below it has the diameter of 20 cm, so it looks like a pillar. As materials fiberglass, painted metal and aluminum were chosen, one braid-like structure was created with holes through which the light shines outwards. At the same time light is emitted upwards.

For Tress Terra grande LED these surfaces are available: greige (grey-beige), black and white. The upper and the lower light source can be operated separately via a switch on the supply line. In addition, a cord dimmer to regulate the light intensity is present. As a designer, Marc Sadler is responsible, he also created several other Tress models for Foscarini except this light.

Technical details

Country of Manufacture	 Italy
Manufacturer	Foscarini
Designer	Marc Sadler
Protection class / IP rating	IP20
Contents of the package	LED
Diameter in cm	25
material	aluminum, glass fiber, metal
Cable length	210 cm
dimming	cord dimmer
Switchability	separately switchable
Wattage	58.2 W
LED	inclusive
Colour Rendering Index	>90
Color temperature in Kelvin	2,700 extra warm white
Total luminous flux in lm	5,624
light distribution	room light
Dimensions	H 195 cm Ø 25 cm
