

Serien Lighting

Twin

Leuchtenkörper

- black lacquered
- bright chrome

Schirmfarbe

- Acrylic glass opal
- mouth-blown translucent glass

Description

A striking design feature of the Serien Lighting Twin is its versatile adjustable scissor mechanism. If the distance between the lamp shades is changed, the overall height of the lamp also changes. The position of the two shades always remains horizontal to each other. The lamp is suspended from two black, textile-sheathed cables.

The light from the two lamp shades radiates directly downwards and gently into the room. The Twin is available with a lamp body in bright chrome or black lacquer. Its two lamp shades are offered in acrylic glass or mouth-blown glass. The shades are in opal white. This pendant lamp by Serien Lighting has two G9 sockets and can also be operated with replaceable LEDs (retrofit).

Technical details

Country of Manufacture	 Germany
Manufacturer	Serien Lighting
Designer	Hans Karuga
Protection class / IP rating	IP20
Contents of the package	Leuchtmittel/Bulb
material	acrylic glass, aluminum, glass
