Ylux Floor Light

Leuchtenkopf

- matt white
- black matt
- polished aluminum

Description

The Less'n'more Ylux floor lamp is a single-flame floor lamp with a rotating and swiveling lamp head. To change the beam angle of the light, the glass lens is rotated in or out of the luminaire head. With a larger beam angle, the light is distributed over a larger area. With this luminaire, the beam angle can be adjusted between 50 and 100 degrees.

The luminaire head is available in different colors. The luminaire in polished aluminum and in black has a grey luminaire base, the luminaire with white luminaire head has a white luminaire base.

The light rod of the floor lamp consists of an aluminum telescopic tube. A leather loop is used for easy height adjustment. The height of the light can be adjusted as required between 87 cm and 137 cm. The Ylux floor lamp has several smooth-running ball joints that allow the light rod on the base to tilt 20° and the head to swivel 135° and rotate 360°.

The concrete base has a diameter of 23 cm and has a cable reel. Due to the natural nature of the material, the surfaces of the luminaire base may vary, i.e. be lighter/darker. An LED is integrated as the light source for the Ylux floor lamp. The brightness of the light can be adjusted using a rotary dimmer on the light head.

Technical details

Country of Manufacture	 Germany
Manufacturer	less'n'more
Designer	less'n'more
Protection class / IP rating	IP43
Contents of the package	LED
material	aluminum, concrete, leather
beam angle	50 - 100 degrees
cable color	transparent
Cable length	200 cm
Height adjustment	height adjustable
dimming	Rotary dimmer on head
Wattage	12.6 W
LED	inclusive
Colour Rendering Index	95
Luminous flux in lm	1,200
Color temperature in Kelvin	2,700 extra warm white
lamp stand dimensions	23 cm
light head dimensions	9 cm
bulb exchange	on site itself
light distribution	directly
Dimensions	H 87 - 137 cm
