Wattage	12 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	644
Color temperature in Kelvin	2,700 extra warm white
Dimensions	H 19 cm Ø 35 cm

Description

The Vibia Duo 4874 ceiling lamp combines two different materials: the oak wood inside suggests closeness to nature and warmth, while the aluminum outside stands for innovative technology. This ceiling lamp is mounted on the ceiling and has a diameter of 35 cm. It is available in the surfaces graphite-grey, cream-white and white. All surfaces are matt lacquered. The ceiling light can be dimmed on site with 1-10 volt and is also offered on request as a DALI dimmable version or as a version that can be dimmed with an optional Casambi module via smartphone app. On request, this light is also available with a colour temperature of 4,000 Kelvin white.
