

Serien Lighting

Draft Suspension Rope S

Glasfarbe

- clear
- blue
- brown

Technical details

Country of Manufacture	 Germany
Manufacturer	Serien Lighting
Designer	Jean Marc da Costa
Year of design	2020
Protection class / IP rating	IP20
Contents of the package	LED
material	acrylic glass, aluminum, glass, stainless Steel
Height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Wattage	11 W
LED	inclusive
Colour Rendering Index	>97
Luminous flux in lm	1,130
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	8 cm
Shade diameter	26 cm
Shade height	21 cm
bulb exchange	on site itself
total height	15 - 195 cm

Description

The Serien Lighting Draft Suspension Rope S has a mouth-blown, transparent glass with a conical reflector made of opal acrylic glass. The pendant lamp is available in the glass colours clear, brown and blue. The reflector directs the emitted light directly downwards and diffuses it softly and evenly all around.

The glass of the Draft Suspension Rope S is 21 cm high and has a diameter of 26 cm. The pendant lamp has a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 3,000 Kelvin warm white or Dim to warm function. The version with dim to warm function imitates the dimming behaviour of classic incandescent lamps, which is often perceived as pleasant. As a result, the colour temperature of this version changes from 1,800 Kelvin extra warm white to 3,000 Kelvin warm white when dimmed.
