Description

This Bomma Soap chandelier consists of a total of eleven lamps on a round canopy. Included with this chandelier are five Soap Large and six Small pendant lamps with different glass colours. Two versions are offered here.

The white coated canopy is 6.2 cm high and has a diameter of 95 cm. Each glass is individually made of crystal glass and is mouth-blown without a mould, so it is unique and the shape, size and colour intensity of the glasses can vary. During production, the glasses are coated with metal, which makes them glitter and shimmer, especially when switched on. Each lamp has an E27 socket that is operated with a replaceable LED retrofit. The cables of the chandelier can be shortened if necessary.
