Pebbles Floor Large Configuration 1-2-3

Version

- grey
- green
- red

Description

This Bomma Pebbles Floor Large consists of four differently shaped glasses. Three of the four glasses are always supplied in the same colour combination for this floor lamp. The third glass from the top is offered in the versions light grey, green or red. The other glasses always have these colours:

- the top glass is light grey
- the second from the top is white
- the lowest glass is black.

If desired, the four glasses of the lamp can also be arranged in a different order on the lamp rod. Each glass is made individually from mouth-blown crystal glass. With traditional glass blowing, small bubbles or irregularities may possibly appear in the glass, these are signs of craftsmanship. During the production process, clear crystal glass is mixed with coloured glass, which makes the glass colour particularly long-lasting. As each glass is processed by hand, the colour intensity and tone can vary.

The lamp base and the lamp rod are powder-coated in matt black. The Pebbles floor lamp is also offered by Bomma in other colour and shape combinations of the glasses. A lamp with any glass combination can also be put together on request.
