Protection class / IP rating	IP20
Contents of the package	LED
Projection in cm	20
material	brass
Wattage	26.7 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	2,414.7
Color temperature in Kelvin	2,700 extra warm white
Dimensions	H 21 cm L 75 cm

Description

This Betec Angulus picture light has an angled shape. Its lamp head can be rotated around its own axis, allowing it to be realigned as needed. This makes this lamp ideal for illuminating pictures, menus and music stands. A Duo LED is integrated as the light source. A Duo LED consists of two LEDs in one housing and therefore has a particularly high light output. The lamp offered here is 75 cm long and has a projection of 20 cm (bracket type 20).

The Betec Angulus 75 cm is offered in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The lamp is supplied with a mounting set that makes it easy to attach the lamp directly to a picture or to the wall. As standard, the picture light has a colour temperature of 2,700 Kelvin extra warm white. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. The manufacturer Betec also offers the Angulus picture light in three other lengths and with a projection of 15 cm or 25 cm.
