Technical details

Country of Manufacture	 Germany
Manufacturer	Betec
Designer	Horst Lettenmayer
Protection class / IP rating	IP20
Contents of the package	LED
Projection in cm	25
material	brass
Wattage	16 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1,552.3
Color temperature in Kelvin	2,700 extra warm white
Dimensions	H 21,5 cm L 50 cm

Description

With its angular shape, the Betec Angulus fits particularly harmoniously with many picture frames. It has a lamp head that can be rotated around its own axis. This allows it to be realigned as needed to illuminate or highlight a picture. With this lamp head, the lamp is ideal for illuminating pictures, menus and music stands. A Duo LED is integrated as the light source. A Duo LED consists of two LEDs in one housing and therefore has a particularly high light output. The integrated diffuser cover ensures glare-free, uniform light. The Angulus offered here is 50 cm long and has a projection of 25 cm (bracket type 25).

The Betec Angulus 50 cm is available in the surfaces brass glossy, brass matt, chrome, nickel glossy, nickel matt, burnished, black matt, gold glossy and gold matt. The scope of delivery includes a mounting set with which the lamp can be easily attached directly to a picture or to the wall. The picture light has a colour temperature of 2,700 Kelvin extra warm white as standard. On request, it is also available with 2,400 Kelvin extra warm white, 3,000 Kelvin warm white or 3,100 Kelvin white. The integrated LED is characterised by very good colour rendering with a high colour rendering index of Ra >90. A touch dimmer is offered as an accessory, with which the lamp can be switched and dimmed by touch. In addition, Betec offers the Angelus in three other lengths and with a projection of 15 cm or 20 cm.
