

B.Lux

Speers S1/L

Oberfläche

- black
- white

Technical details

Country of Manufacture	 Spain
Manufacturer	B.Lux
Designer	David Abad
Year of design	2015
Protection class / IP rating	IP20
Contents of the package	LED
material	aluminum, glass
Cable length	400 cm
Height adjustment	height determinable
dimming	on site dimmable with a trailing edge dimmer
Wattage	9 W
LED	inclusive
Colour Rendering Index	>90
Luminous flux in lm	1,100
Color temperature in Kelvin	2,700 extra warm white
canopy dimensions	12 cm
Shade diameter	40 cm
Shade height	18 cm

Description

The B.Lux Speers S1/L emits its light directly downwards. An integrated glass lens focuses the emitted light and distributes it evenly downwards. The pendant lamp is suspended with a 400 cm long cable and is therefore also suitable for high ceilings. During installation, the lamp can be individually set in height.

The Speers S1/L is offered in the surfaces black or white. Its lamp shade is made of aluminum and is characterised by a matt texture. The pendant lamp is operated with a dimmable LED that has a colour temperature of 2,700 Kelvin extra warm white.
