

Catellani & Smith

Ettorino Clamp

Oberfläche

- black
- multicoloured
- white

Description

The Catellani & Smith Ettorino Clamp can be clamped to tables, shelves etc. and can also be attached to a new location if required. The Ettorino clamp lamp can be directed flexibly. The lamp arm can be tilted and swivelled. The lamp head can also be rotated and tilted. In addition, the clamp light can be rotated 350 degrees around its own axis via a joint on the lamp base. Depending on how the lamp is aligned, the lamp head has a height of between 28 cm and 90 cm. A patented process ensures that the lamp remains stable in any selected position.

The Ettorino Clamp is suitable for tables with a thickness of up to 5.5 cm. The clamp lamp is available in the surfaces white, black and multicoloured. A small, red, human figure adorns the arm of the lamp as a design element. The clamp lamp is regulated via a dimmer on the supply line. The lamp is operated with an integrated LED with a colour temperature of 2,700 Kelvin extra warm white.

Technical details

Country of Manufacture	 Italy
Manufacturer	Catellani & Smith
Designer	Enzo Catellani
Year of design	2022
Protection class / IP rating	IP20
Contents of the package	LED
Projection in cm	73
material	aluminum, brass, Iron
dimming	cord dimmer
Wattage	10 W
LED	inclusive
Colour Rendering Index	80
Luminous flux in lm	1,440
Color temperature in Kelvin	2,700 extra warm white
bulb exchange	on site itself
Dimensions	H 28 - 90 cm
